Dubbed 'Sunset Ridge,' this beautiful custom contemporary country retreat faces due east and is located just outside the hamlet of Everett. Perched upon a ridge at the top of the 4.2-acre property and located only 15 minutes from Mansfield Ski Club and just over an hour from the city of Toronto, this private setting is truly magnificent.

This home with its clean lines and sprawling open concept was built with the utmost care and attention to detail. Its thoughtful placement of glazing across the entire back west facing portion of the home provides the most incredible views of sunsets that will rival any other setting, thus the moniker 'Sunset Ridge.'

The main floor features a thoughtful layout perfectly designed for family and entertaining with flow and comfort in mind, including porcelain 24 x 24
